

Email Distribution List Policy

Adopted: October, 2015

The email distribution list is to be used sparingly by the Village Manager and only for Section 3 business or crime alerts. It is not a vehicle for lost dogs, notices about residents' charities, etc. or political fund-raisers or rallies. If there is an event that might interest our residents and we can squeeze it into an email that we are already sending out, then we might list that event or news and the bottom, but the activity would have to be of community interest, not political, a charity fund-raiser or a lost dog or cat.
